

5 Mar - F

For the third time this wk I overlapped  
or got up late & so didn't have sleep  
The off. was in a state of bedlam  
most of the day - both computers were  
busy all day & sev people came in  
to find direction ATIS - Dor th Kate  
Walker to talk for using the computer for  
correspondence - Kate has diffc w/ some  
office procedures & I bel didn't know  
how she cd have used May Col instal -  
there was no entry of the Minutes then  
the two & Dor referred her to Betty Veal  
whom Kate did consult - Betty came down  
to talk over the matter w/ Dor but I  
didn't know the outcome.

Maggie took corrections for the powers  
of atty doc but Dor had me wait  
to do that, as I was assigned first  
a long memo from Phil Beenal, on a  
revision of a ~~purchase~~ form - while  
I was waiting to get instructions on that,  
I balanced my checkbk

Beenal's memo was a revision of a  
draft & was in very haphazard form -  
11 to be put on May Col

I spent most of the morn. on it & during the aft. had to make corrections & revisions in it which involved techniques I had not sufficiently mastered - I became nervous trying to get it done by closing time & a little irritated w/ Doris instructions.

In addition to working hrs overtime, against Betty's wishes, Doris takes a self-sacrificing attitude which I find unnecessary & harmful & she eats lunch at her desk, never goes out, & I find doesn't even go to the bathroom when she needs to - later in the aft. her feet began to swell, a condition she acknowledged was just brought on by not going to the bathroom.

I was most annoyed when she pushed me to finish Bechel's memo, even if I had to stay overtime - I was finally allowed to stop only when B's secretary informed us the memo was not to be prepared for distab. anyway.

I was most disturbed because I did not have time to learn the new flight techniques & no time for a break in order to do a few pers. tasks - I did eat lunch at my old desk & I put my peanut plant which Lou had given me in a pot head
