The day was overcast

After arriving at the office about 10<sup>15</sup> I finished the Beenal job - I wanted to have table w/it & had to make more corrections

I ate lunch at my desk

In the afternoon had me make corrections on the computer in the Powers of City job for Maggie & then feed the things I had done into the computer & finish the job; a new technique for me to learn - my nerves were still on edge & Dor made me nervous, so I was exhausted at the end of the day - O'Neill read was that 7 maps were being sent to him from D.C. & Dor had me store & order them - I was fifteen
