

8 Apr - Th

Was busier today - did an expense acct for Maggie on the budget which is not well adapted for filling out such forms - later Maggie brot in a job concerning information on all the consulates in S.F. - this th me most of the aft.

I ate my lunch @ my desk, then went to the bank & deposited not only my pay check but my state & federal refund checks & got some cash

I phoned Lavane to see how she was - she slept late, had had some work

Betty left right @ closing time but got on the wrong streets going tow. S. H. Bridge so I was dropped off a little late at Slery & Masonic - Betty is having a bad time again w/ John Braman, who is very demanding

& at the same time badly organized
I walked home, as Betty wanted to
go over to the clinic to see her father
as soon as possible - stopped at P. Strini
& got some fish so that I'd have
more food for Leona this week
Got home about 6:00 - Leona had
done her washing & washed my
underwear

I made bread stuffing w/ mushrooms
to cook w/ chicken ^{backs} the other day -
for veget. we had asparagus & had tan-
gerines for dessert

At the apt I had washed my hair

I called for Tom - Lynn had left -
her writing on her thesis was not
entirely finished & Lynn still had
some of it for editing - I told her I
had a guest for an indef. time

I read myss.

Went to bed about 1:30
