

9 Apr - F.

Betty started a little earlier than usual this morn. - I got in well bef Dor & made some prog on W's final entry which I had started on the 1st - Betty & I said before we wanted to see Dor when she came in - she had increased the pressure on Dor to get the required records in - when Dor came she had to get a run by herself & finish the preliminary rpts Betty desired - those she needs to prove the accomplishments of the Word Processing Center to the new management - namely Cap Weinberger

I finished the cover ltr for Maggie's list of consultants

Almost forgot my time card but did it then

11:15 to get in bef the traffic gets heavy & because Mr. Braman had a deadline to prepare for 11

I did a memo for Braman - Betty was tied up on another pt of this push job - did see other memos for Maggie -

Albott prot in a revis. of a contract.  
while Dor was out of the off - he told  
me he didn't need it until early  
next wk - however, when Dor came  
in she wanted me to make the changes  
this aft, which she thought I ought to be  
able to do in fifteen mins & I worked  
on it, was a little afraid I had entered  
my tabs incorrectly & that the job wd  
come back to us w/ indentations all  
wrong - Dor helped me finish

Betty didn't start home until late  
Larava had dinner ready when I  
got home - we ate - Larava had mended  
Christians gave us a ride to serv  
"✓ my underwear today"
