

6 Aug - Sat

He got up at the usual time, had a half day off - I had slept at 8⁰⁰

I typed on my quilt from 9⁰⁰ until 12³⁰ but in the Deer from the back where it has been taken & typed in a little nook between my bed & Laura's & Ruth's, putting the t.w. on my chest - though people were in and out they didn't bother me any & I made satisfactory prog - I also typed a 2 page statement in resp to a request from J that everyone turn in their feelings about what he had sd at a recent mtg - I was told this concerned the confront-ation w/ Ricardo Otterburg & I had diffc. of thinking what I had sd at that time - however I went into the sit at the time, comments I had made on prev. other occasions & my own observations

I did some pers chores, th a shower & shampooed my hair

Few people were in the college today, tho' the residents weren't waking in they that got either

I whid on quilt entries

Dinner at about 5⁰⁰ - we had chese rice and greens

I rd news from the board

I sewed on my skirt all eve. until about 8⁰⁰ - I have pieces sewed all the way around, now have to wh on getting it to the proper length - went

for my treat - I got an extra piece of fudge
for my "Excellent" plus "paper" actually for
some reason I was given 3' but I bet the
grocery handing the one was too generous

He gets the rest of the eve

Frey is very unhappy over her super-
visory role in the cottage - the deter-
mining factor, in my opinion is her anger
over the lack of sympathy shown when
she was ill - too, some of the residents
(we can't be sure who they are) leave dirty
dishes in the cottage, won't cooperate w/ the
request to keep the boot rack cleaned up, &
let their belongings, even wet clothes, in
others' crates - the commotion in the
evenings is annoying & the diffie of
getting the cottage quiet at 11⁰⁰ - Frey
may be more disturbed than I by night
workers coming & going - I rarely hear
them lately - Frey wants to give up her
supervisory position - I don't know when
we may expect Versie & Ellie to res
from Wheaton

I want to bed arnd 11⁰⁰
