Had bkpt

I. Worked on adult sch records - on my list of those who have been attending I enter in the info I have collected so far of their ages, level of schooling, disabilities which may interfere w/ reading & writing & the dates attended during the last yr of July. I have a column for <sup>indicating</sup> their level of competence.

11. Bruce Jackson, who repairs clocks & watches for members, gave back to <sup>me</sup> my clock which had stopped running a wk & a half or so ago.

Went to lunch

Lois & I met our adults class - another lge gyp was in attendance - the day was very hot & we all sweated under the ~~sch~~ <sup>perman</sup> tent - I searched for another place - the nice tent is cooler, but the sch classes not there at 1<sup>st</sup> - we also needed more shaded space but I had to manage w/ the two we had - I wrote on the board statements summarizing the points in the questions asked by J & then asked a question to bring out knowl. and reasoning abils. Lois meanwhile answered questions & efflu'd bkpt - we finished all but about six questions.

Lois, w/ the assistance of Mary Casanova, moved to the place under Horn 4 where the nice is sorted - the workers cd listen as they wkd - it is cool in this spot.

I finished recording all the info I have at  
C-2-A-1(3)

present on my adult class - in so doing, I have sorted out my files too, so that I am better prepared, know what I still have to do, & know where to find everything - a difficult job as I keep all my writing materials in my crate, top w/ my t. w, tho I am using, h. s. records, tapes records, sewing materials & meter for personal care - clothes I keep in my suitcase & under my mattress, as well as sheets & towels

Went for dinner - we ended at 6<sup>00</sup> ton instead of 6<sup>30</sup>, so I went early - we had chicken dumplings

top dinner I went to the pavilion to listen to the (bonus) news - I had promised some of my class members <sup>to help them with</sup> the questions I had not finished during class & went back to the cottage for them while they served me a sect - but I had left my pocket key in my bag so <sup>couldn't</sup> bring them back - as the news was ~~not~~ being played in the pavil. was the review meter I went to the libr to see what J. Terese had put on the board signed in at the pavilion - then listened to J's newscast

J came in late - he dictated the written exam - there were four main questions but 2 of them had numerous items - it was a good test, prob prep'd by Dick Trapp & Jani Herwick - I think I answered all the questions satis- factorily - the 2 class members, sitting bes me, prep'd their notes & also asked questions of each other, tho I warned them ~~not~~ this - people who finished early were asked to help those who couldn't write

The sec techs assigned graded the tests.
