

1 Aug - T-2

At the side of the pavilion - not all helped who were on the list - each of us had 25 to 30 tests - the light was poor and I had to give those in which the handwriting was poor or which were dimly written in pencil to someone else.

Meanwhile the mtg went on w/disc of some civic problems and disciplinary matters - the gym was used in some cases one case involved hostile behavior by a March girl, <sup>part.</sup> Alfredo, on the bench crew  
& brooms made by Ken Norton <sup>for the materials</sup> were displayed - they look very fine

At one pt I made some remarks on reincarnation which I did pay attention to - he was trying to discourage speculation concerning astrology & reincarnation also on the grounds that it ~~is~~ they make people think the universe was accor. to a plan which will wh out inevitably; it is not nec. to do anything - he sd he had insights that reincarnation is a fact but it meant nothing useful etc that it ~~it~~ wd prevent suicide if one realized he wd come back for eons of time, or many generations - poignantly I sd that even tho true, he did not understand why, as it seemed to him he just had to go through the same thing as bef

On most topics I did not concentrate!!  
Athletes foot was mentioned - most of the membership suffers from it - it seems to be a different  
(over C-3-A-1 (5))

Type of fungus than we had in the States - I sd  
pos. disinfestants were being experimented  
with on the shower floors and research will  
be conducted on remedies, some of them obtained  
from abroad

Although it was very late I tk up another  
matter - Norman James, ~~sd~~ having been gone  
for 6 mos., had informed the TC he wd be ret. my  
this wk - he had ~~not~~ communicated w/ his  
wife (Judy) and child, had sent no money - he  
had been reported w/ another woman - some of  
our people had talked to him while in Miami -  
tho he had been offrd a job at the airport in  
Des'Ton he was flying on lines that did not  
bring him in to Key - the fact that he is a  
fide may have some signif. w/ regard to his  
activities in view of the airtel surveillance of  
the by the Red Engineer plane & rpts of planned  
mercenary attacks on us - many members spoke  
of his characteristics = spoiled by his parents  
cherished as the only son, avoidance of physical  
labor, pride in his appearance - which made it  
pos that he cd have deserted to our enemies -  
I sd that the govt had told us where the CIA  
had a plant in our membership whos might  
come here - His pos. relations w/ his sisters, par-  
ticularly Vicki Moore, were discussed, & various  
members told of incidents involving her. Ruth  
when she was teleph operated in LA sd  
Richard told her he wd be getting msgs under  
an assumed name & when she'd read one she  
was to get in touch w/ him immedi. - she had

assumed he was on the bus. - she could not remember the name now - I got on the floor & told of the episode when I gave him a letter to friends in Beirut, asked him to mail it from Caracas where his new job would take him - his plans changed & the letter would have to be mailed from Ite, he had told me - I said I had been meticulous about giving him info concerning all cases he had been asked to del: - I said people would be assigned to be w/h & no one else is to have any conversation w/him

The meeting did not end until about 3:30  
I was in bed at 4:00
