

10 Jan - T

Wanda, who is scheduled to leave the week following my departure, has been packing & cleaning up the apt - she cleaned out Estelle's closet, in which I have been keeping some of my clothes - she threw or gave away some of my belongings, incl. a sweater I wanted to take & a velvet vest which Dor gave me to dress up a blouse as we had been told to take some nice clothes for parties & public rel. affairs - I checked w/ Judy who had taken some items from our apt. but she can't find these 2 - Wanda went w/ me to the Sebastian Army & I selected another sweater, for which she pd - it was on sale & I got it for 75¢

I packed all day - I had cleaned out my shelves in the pantry & my food on the regis - I gave 2 few items to Viola & saved the rest for Judy - at one pt I became quite annoyed w/ Judy as she asked for specific items I filled a suitcase to take w/ me under my seat, 2 of the Te-constructed
