Did some sewing  
which are girl entries

Went to the Te & did the book  
draft of the two in Hand

Lucine asked me to go to dinner  
with her mother at the Hotel Regency -  
Tandy Silver, whom her mother had  
taken to, was going too - she said her  
mother would pay - we three picked  
up Mrs. Epstein at the hotel - we had  
taken lunch at the L. - it was a nice  
spot - she ordered a carafe of wine  
(it cost about \$4.00) & I offered to pay  
for it - altho, as I remember, a former  
Comm. Party member who suffered during  
the Mc Carthy era, she wore 2 rings  
on each hand & a necklace, & some  
more jewelry in SF - she talked a lot  
- you - had on the one to her  
on a Bus. ship - she talked a lot

and she had & said she had taken  
- a lot of jewelry, she said a friend of mine  
day it will be yours" - she did not  
make any comment or ask any questions  
about our Mex. mission - when she saw  
the bill I expected to get \$5.00 back out  
of my \$10 bill, but I didn't

We dropped Mrs. Eplein off at her hotel & came back to the Te sew

In the sew Hue made some amusing comments on the planning of the ll ministers for the observance of Martin Luther King's birthday tom - they are planning to have 2 miles pulling a wagon - Mayor Moscone made sure there are going to be TV cameras by he promised to come & he will stay for only a brief time, as he has other commitments
