The weather was cool w/ nice breeze - there was no rain

Went for an hr + a half walk w/ one of the Simon twins - we went in an out - a - town direction - came to see dead-ends, crossed small canals, then came to a big canal - we sat on the bank for some of time - the Simon twins are not related to Pauline Simon's family - they are grand-daughters of Bob. + P. The house was cleaned up in prep of a visit of a brigadier invited by Sharon Amos

Much food was brt in today: liver, fruit + veg - for dinner we had liver fried, a veg mixture w/ okra, squash, onions, tomatoes + oranges w/ coconut

Procurement jobs continued - Rich and Janaro told me they were making prog. in getting meat - the boat might be able to go in a couple of days

The brigadier didn't come

Some of the yng people ate early + left for a mtg - on returning, Tom Carter told
