

3 Jan - T

I woke at 8:00

Phoned Denise at the off - she said
she'd nothing from home - I'd want a the
way anyway to say goodbye & bring back my
belongings

Breen was at the off. - she talked
steadily - we had a conversation, and went
to the Te - she is non-communal -
her attitude is that her money is her own
to do with whatever she pleases

Went to the off about 11:00 - there was
still no word from home - Betty Cassil
was out in - one of the ins. men made a
remark which made me think Doc Storky
had resigned - the other secretaries
thought this had probably been announced in the
last days meeting this morn.

Colin was to me to lunch - we
had a new table which had been
brought back - we had
lunch to the ladies - we had drinks &
rice - had butter-milk - Birt's wife,
Portuguese background, was born in Brazil
but was educated in London.

Called for shirts at the laundry

on the off but had no lunch

I went to Kaplan's on Market, an
army surplus store & got boots for about
\$20⁰⁰ - had a long walk to Van Ness -
there I took the bus home

Dropped my packages off at home &
went to the TV to eat

Prent talked all the time this eve. - she
seems very unhappy - I told her I wanted
to listen to the radio - then she went
to talk to Virg in the kitchen

I read the msg

Went to bed at 12⁰⁰
