

31 Jan - T

Had approx. from 9⁰⁰ to 11³⁰ on final entries, seeing which ones in hand were incomplete or on which I had only notes - started systematically to fill in the missing ones

X Had lunch

Talked to Don Jackson who teaches Eng in jr high sch & wanted some pointers - I asked him when would be conven - he proposed I talk to all the jr high Eng teachers at once & we settled upon a kind of seminar Tom night at 11⁰⁰ in the pavilion as permission had been given to teachers to stay up late to work

Talk in an Eng class taught by Tom Yarnish & Barbara Walker - they had given an interesting assignment, but it was too complicated & was not sufficiently introduced to prob the follow - through & not be suffic - Barbara is not aware of my credentials so I did not give it up her but I made some comments to Jan - I also made a list of pts I plan to cover w/ the jr high teachers & went through some of them w/ her - she proposed to high sch Eng teachers come also - Jan was very busy, but I

Talked to Pete Johnson (Tupper) who gave the family the Lennon name from his (the real - not disc'd a ... of the ... which have occurred in the community since we had last seen each other, partic. Tim Theris behav' - she sd she had not been surprised

Went to the machine shop & had them file down the prong in the plug to my t.w. cord which didn't fit - I tested the tw. & it seems to be set & the t.w. undamaged from the trap

Took a shower & rested for an hr
No rain today
Went to dinner

Went to the pavilion early to get a seat for the People's Rally ton, scheduled for 7:45 -

11 ✓ Livest were at the mission today the John Minis, & other Guyanese (fiction) - they arrived about 9³⁰ & their arrival was announced from the gate - they congregated w/ft in the dining area & several personnel were on duty

I as usual gave the news of the day over the loudspeakers ^{at 9:30} - he exhorted the membership to clean up the grounds & be on their best bet !!

as in S.F. the seniors vie to get seats on the front

When I came in he first announced that Tracy's cancer which had been conclusively diagnosed twice was healed to the amazement of int doctors - this had cost him much of it - she will be w/us in 2 wks

The rpt from the Agric Com was cont'd - first item was on the actives in the garden - Danny Stetler rpt'd on bananas - the relative advisabil. of concentrating on bananas or cassava as human & stock feed was discuss'd - Robert Gray spoke on cassava - ~~rpt on peanuts~~

31 Jan - T-2

~~assigned~~
I told the results of his meeting w/ the
Myanese officials. - points mentioned:
how our gov fit into the immigration, etc. of
the gov. They stated agr. was our strength,
we were multi-racial, we have a number
of technical skills; we integrate in the proper
abstraction; our leaders abilities are extra-
ordinary - he has a loyalty to the gov which
is not there is no separatism or racism -
the only drawback they saw is that we
could be a target for the CIA & we might
accept an agent into our midst - we must
watch everyone for any sign of capitalist
behavior - the gov is working with the
other cooperatives

Two young men were on the floor for
the day: Madrox & John Gardner

Jack Barron rfd on peanuts, sword, sorghum,
& granadilla, Becky Flowers on citrus

Jeff Carey was kept upon a mission of find-
ing through on a proj he had promised
to do - failure to do so is common w/ them

Hazel Newell was put on the floor for
husb was be broken - beaten in a deal of
bring the child back - if there was a son
he some 5 or 6 - she had the child
it is clear the husb is an alcoholic who
used family money he could get for liquor, &
not faithful to his wife & had even made
advances to one of his daughters - I was furious
that she worried more about her husb's
feelings than her child's welfare & safety -

none of the child, wanted to ret. - I said
she was not to come back - he told
her if she was to bring her books and
wish to come here

Keith Wade was appt. for saying she
was not happy here & wanted to ret. - he
said he didn't / & that was all -
warned him of the treason of Joseph's line
road in the U.S. - new death - I warned
his mother, Lu Ester Lewis, on her battle, as
she seems unhappy - she said she hated
the U.S. but had other probs - she ret. told
my query - I asked her if it was her
daughter Sheila who concerned her (Dorcas
Sheila left the grp) - she said yes

Russ Fruton appt. on insecticides, Mary
Watterspoon on the cassava mill - I saw
Chicken on the nursery, Philip Blakey on
tractors -

Vernette Christian was bad for I asked
to take a medical inventory appt. - I said
because of probs, jealousy - I denounced
this & intended that fact. C. p. - I said
she had a bad performance on the job - she had
probs, refused to make use of her engineering
knowl. for the collective & J. death - I said
w/ her attit - she had taken his time w/ a
long self-pitying etc - many members
addressed her w/ their caustic comments -
I told her I resented her because she
drained our ldr & was slowly killing him -
many, incl. J., agreed w/ me - I proposed she

31 Jan - T-3

He put in some form of isolation where
she was not to have paper to write complaints
& could not communicate w/ people - J. said
that if assignment to the Learning Crew
did not cure her, we might try some form
of sensory deprivation

A child who tried to strangle little boy.
Mother's spoon was put on Learning crew

J was suffering intensely from a sore in
his mouth as a result of so much oral
activity & all night cursing W... the radio
- he intended to put in some more
but the radio was apt to be dead

The meeting ended about 1:30 - Discussion to
about 2:30

11 2 Karen Layton is in the cottage next to
ours - she types the info from the radio
files w/ evaluations

11 3 up most of the night cursing on our
radio - other operators in North & L. times
are reached & J carries on public rels
conversations, even gets opening cash donations.
Last night they talked to people in
Alaska 11

11 4 as these connections are very imp. - we
make friends & acquire a mailing list which
can be very valuable to us 11
