

7 Feb - T

At 8:30 talked to Bea Bird, who sent a set of records - she found h.s. records to me, incl. school records with actual list from teachers - she was all good - Bea is also retired & we discuss topics of working along younger people who expect you to do as much as they.

Got papered from kitchen - med. off did not have any - drank quantities of water - in eff. finally had B.M.

X started to retype Phyllis' paper on Jonestown med. services - much humbly in air & had table w/ paper - can't find my correction fluid - borrowed some from Penny when she came down in Karen Lyons' cottage.

11/1 Didn't observe classes - visited

Went to lunch

Had drafted a statement on my proposed adult ed class, showed it to Tom & Dick!

Went to cottage to work on Phyllis' paper - Dine chairing entry of toddlers' supervisors - Johnny Jones present - still discussing problems w/ child & confronted individuals with their faults - I was on other side of room - finished Phyllis' paper & typed up my adult ed statement w/ changes discussed w/ Dick & Tom.

Dinner

Had dinner Radicalism while waiting for rally to start at 7:45

Jim Bogue was chairman for the evening. After Cassius was fed on Penny, Ketula to complete with on the insecticide drug so that child, was not be endangered.

Emergency surgery on the pregnant dog was reported -

Dale Parks has given mouth-to-mouth resuscitation when she ceased to breathe & saved her life

I came in @ 3⁰⁰ - sd among the relatives giving us talk is Kevs Sly who is threatening to leave - much Sly told her off

Could discuss alternate food for stock: banana leaves, stalks & fruit, cassava, cutless beans, sugar cane - cassava is human food

Tommy Keeton & some of the sons fixed the chickens which will enable them to eat & thus put on wt

Selling chickens in Port Kaituma was discussed & plans made - Anthony & Charlie Tom - cattle involved - those coming on will be sold - the night batch for selling here will be ready in 7 1/2 hrs - I went into the end of port visiting pork for Jonestown food - "we're talking about 2000 a deal" - it is being planned to bring 6000 lbs of fish on the boat & disposal & it was discussed & frozen space & power - the cassava mill - much discussed the free methods of freezing & the possibility of smoking the fish - some experiments will be tried

I on the radio had apparently been discussing bringing all the 250 volunteers still to come by means other than flying, at least part of the way - he sd they wanted to fly from CA, which I see was silly - the CIA will blow up flights on which the passengers are all air people

Another of was being done on a female dog

I rptd that it too was successful
The sister x Dewkins proposed an oil peak
system!!

The tie-up on the Te crates' being
released from customs involves the duties
dgd, which I is fighting, so as not to set a
precedent - "I all the crates are alike, &
you don't want to get stuck" - he has got the
dyes down from \$15, or to \$3, or - many strange
decisions have been made in SF about what to
send & the method of crating - it is hard to
get out specific items needed

Scuba gear had been sent on acct of offer
of Jerry Check's son, David Buford - I sd he
had gone

11³ The fish which cannot be preserved will be
sold

Some work - in colors we have are urgently
needed - it was proposed that we use the
wood coming in on the boat to finish them &
put off construction of the toddlers' nursery -
I sd for health reasons it is essential to
get the children out of the dirt - Tom Hunter
advocated completing help to Hdy & let the
space for hot research matter wait.

A film by Felip Greene on raising legs
in China, where they provide separate
space for living, eating & eliminating, was
brought up - I want this arranged

experimented with

The planting of coffee trees was disc'd -
The types of coffee are Robusta, Arabica,⁵
& Liberica - the latter is valued the
lowest - I directed that the market value
of the diff. types be ascertained

A no. of children on the Learning Crew
are still behaving badly - "running" was
carried out as a punishment. - I directed
that an isolation system be developed as a
substitute

Rpts on behavior records of work prepared
by Perry Kerns & Karen Layton were presented
I was dismayed by the volume

11th Mark Rhodes, Nora Blair, Ricardo Otter-
bury, Toby Stone 11

Martha Hicks was on the floor - she was
accused of arrogance & elitism, num.
instances given - I. ad Perry was afraid
of her, gave both of them work on the
Learning Crew - Laura Johnston volunteered
for the same punishment for not reporting what
she had observed

A long rpt on the Medical Crew was sub-
mitted by Phyllis Chaikin - Harbinder⁵ Walker
was the first person on the floor - she was
cited for neglecting patients & writing no. of
the two pages and in the course - She
has a serious kidney condition owing
to falling while in h.d. care - writing to

outsiders costs 374 & shows you are attracted to life in the U.S.

Nett was Joyce Ryznar who was eld'd w/ being ungrateful, of complaining constantly being hard to get along with, of burning egos - had 2 sons joined many others in objecting on her faults - I reminded her of the bad 11 5. more. Lunn 11

nature of her husband from whom she had saved herself she was put on the Learning Crew

Phyllis Chitini sd she wanted to change her name - she thinks she has been too depended on there - Gene agreed w/ her

Verne & the Christian who keeps records for the Med Dept was criticized for p. thing some time done for Med which she did the use for them - it was stated she doesn't take criticism well - I sd she is elitist - she admitted she liked to be by hers.

Annie Moore was called too defensive - Of his daughter, Agnes, I sd she is disorganized - we don't know where she is of the whole dept, he sd the supplies were allowed to run down too much - Lynette sd have lived longer w/ proper care -

The departm. was revealed as cliquish - there is an alliance btwn Rinny Jackson, Judy & Anita James - Barbara & Orrell (Perrin) & Leon Betty are too immersed in each other - Sharon Cobb is too passive - Sylvia Grubbs is a hype chandler

11/6 Joyce was sd to have a nasty disposition!!

Mark Wagner was on the floor for "going off" -
he is 16 + is interested in a young woman of
21; I find nothing wrong w/ this but the
relationship does not seem to have improved
him - I see his father was giving trouble + is
the most dangerous of all - It was only
a miracle by which I was able to get Mark
to Juvinstrom (I had thought Joan came w/ Mark,
but she is not here - she may be in L.A.)
After a final song, the meeting was dismissed
about 3:30 - J. got us until 9 or to sleep tom -
only light dinner will be served
