We arrived at BW at 9:30 having made exceptional time - I didn't read as we were warned the stop might be short - I washed, ate my food, brushed my teeth -

The buses left at 10:30 - I read the CIA file for an hour - then slept until we arrived at L.A. at 1:00 - Marie slept most of the time & we had little conversation. I dressed

Went to the Annex & spoke again to Mike Buzzgater about getting a new membership card - as I had been told I needed one by both Yolande Harris & Tish Lery - he consented to take the first & hold the card until he had consulted Tish.

Drove into the seat while announcements were being made

I entered about 3:00

stone-headed & trust in the Lord -  
I espoused Jesus's words it is the only

more than that, from these stupid flecks -  
all th. leadership has endorsed Jimmy  
Carter
